WORK EXPERIENCE

Intern FrontEnd Developer - PKSH Consulting

November 2024 - Aug 2025

Developing & maintaining responsive websites using HTML5 & CSS3 while designing UI/UX layouts to enhance user experience and accessibility. Worked on WordPress customization, theme development, and plugin integrations, assisting in website hosting, domain management, and performance optimization. Collaborated with clients to understand project requirements and deliver effective solutions.

HelpDesk Support - African Leadership Academy

Sep 2025 - Nov 2025

I provided first-line technical support to internal users via phone, email, and ticketing systems, troubleshooting hardware, software, and network issues. I handled user account tasks, escalated unresolved problems, maintained IT equipment inventory, organised warranty and hardware documentation, and ensured all systems and peripherals were up to date with the latest updates and firmware.
